# TRAC Lease

## Ideal for High Mileage or Heavy-Use

The Isuzu TRAC Lease has no wear and tear or mileage limits. Your monthly payment is determined by the residual price you choose at the start of the lease. Only first payment and applicable taxes, if any, are due at the start of your lease – no security deposit needed.

### End-of-Lease Options

- Purchase the truck at the established residual price.
- Replace, trade, or refinance the truck.
- Return the truck. If the re-marketed price is more than the residual value, the gain is passed on to you (less any fees due). If the selling price is less than the residual value, you pay the difference.

**Speak to your Isuzu Dealer for details.**

Details available through participating dealers. Any and all leasing/financing subject to credit approval. Isuzu and Non-Isuzu parts or products shown are trademarks of their respective holders. Because tax laws change and vary, see your accounting and/or tax advisor on all tax matters to determine how you would be affected. Isuzu Finance of America, Inc. is not a tax advisor or financial planning consultant.

# Finance Lease

## Fixed Monthly Payments and Guaranteed Option to Purchase the Truck at Lease End

The Finance Lease, also known as a “Dollar Buy-out Lease”, puts more control in the buyer’s hands. Although similar to purchasing equipment with a loan, a Finance Lease includes a residual value (under 10%) which is determined by the customer.

Not only are the monthly payments with this type of lease typically lower compared to a loan, you can purchase the truck for the “bargain” purchase option.

While the title is in Isuzu Finance’s name, you are able to account for it as if you are the owner. Under IRS guidelines, you can claim the depreciation of the equipment.\*

Consult your tax advisor to determine which lease option is best for you.
